# PARTS

## Parts list

Number	Parts name	Q'ty
①	FRAME	1
②	FORK	1
③	REAR WHEEL	1
④	FRONT WHEEL	1
⑤	HANDLE BAR	1
A	AXLE BOLT	2
B	BOLT	2
C	NUT	2
D	ROD	1
E	LONG PLASTIC SPACER	2
F	SMALLER PLASTIC BEARING	2

## ASSEMBLY INSTRUCTIONS

Insert the steel stem on the main frame into the gap on the back of the fork.

Align the steel stem with the holes on the back of the fork. Insert the rod (D) into the top of the fork and through the steel stem and into the hole on the bottom of the gap.

Attach the handlebar on the top of the fork, ensure the receded rectangle fits over the fork. Ensure the handlebar rod goes into the middle hole on the handlebar. Fasten the handlebar onto the fork with two 39mm bolts (B) with the Allen key provided

Insert the two long spacers (E) on either side of the wheel and align it with the holes at the rear of the main frame. Insert the axle bolt (A) through the holes and screw into the nut (C) on the other side.

Insert the smaller spacers (F) into the wheel and align with the side holes on the fork. Insert axle bolt (A) through the holes in fork and through to other side. Secure bolt with the nut (C)
